Defense Procurement and Acquisition Policy

Welcome to the Defense Procurement eBusiness Conference! This conference is structured to keep you updated on the status of Federal and DoD enterprise procurement and supply chain related systems and associated initiatives.

You will be challenged to think “out of the box” to take advantage of the eBusiness capabilities available. The Office of Defense Procurement & Acquisition Policy is excited to be a sponsor of this educational event! We also welcome the members of the Office of Federal Procurement Policy (OFPP), General Services Administration (GSA), the Business Transformation Agency (BTA), and all our other speakers to this important event and thank them for their involvement and valued insight.

We encourage you to take this opportunity to learn about such topics as: Federal and DoD priorities for procurement; improving contract quality; preparing for future contract writing capabilities; changes and challenges facing contingency contracting; the latest enhancements to the Standard Procurement System (SPS); changes regarding past performance reporting; and new functionality in the Federal Procurement Data System (FPDS).

In addition, we will be introducing you to emerging initiatives and topics that impact our community including the implementation of the Federal Funding Accountability and Transparency Act (FFATA) subcontract reporting; the upcoming changes to the Integrated Acquisition Environment’s suite of capabilities including the Central Contractor Registration (CCR) database; and the changing roles of both contracting officers and Contracting Officer Representatives (CORs).

We hope that this conference provides you with valuable tools and that you depart equipped with the knowledge to leverage eBusiness tools such as Wide Area Workflow (WAWF), the Past Performance Information Retrieval System (PPIRS), FPDS, and other enterprise initiatives. By choosing to attend this event, you will be better prepared for new eBusiness initiatives as they deploy and advance and you will be further empowered to lead the Department’s transformation efforts. Thank you for taking time from your busy schedules to attend.

We look forward to our continued partnership with you.

Sincerely,

LeAntha Sumpter

Deputy Director for Program Development and Implementation
 Defense Procurement & Acquisition Policy
 Office of the Under Secretary of Defense for AT&L

TUESDAY, MARCH 1

7:00am - 5:30pm	REGISTRATION OPEN - Orange C Foyer

4:00pm - 4:15pm	STRETCH BREAK				
4:15pm - 5:00pm	SESSION WILL BE REPEATED	SESSION WILL BE REPEATED	SESSION WILL BE REPEATED	SESSION WILL BE REPEATED	
	FPDS REPORT AND EXTRACT CAPABILITIES - Florida 6&7 <i>Speaker: Brian Davidson, DMDC</i> This session will review the capabilities of standard and ad hoc reports available in FPDS; and provide tips for accessing and using the data. This session will also cover DoD annual data validation and certification requirements.	CONTRACTING OFFICER’S REPRESENTATIVE TOOL - Florida 5 <i>Speakers: Mae Bartley, DPAP/PDI; Mike Thompson and Mike Neeb, Army; Peggy Ayanian, DPAP/CPIC</i> This session will discuss new requirements regarding the tracking of (CORs). It will also discuss features of the new COR Tool that has begun deployment across the Department.	WHAT’S THE LATEST IN WAWF? - Lake Nona B <i>Speakers: Adarryl Roberts, BTA; Dave Guinasso, DPAP/PDI</i> This session will cover enhancements in the new release of the Wide Area Work Flow (WAWF) system, and emerging policy and process changes in the contract receipt and acceptance process that require new actions from the contracting officer.	SPS UPCOMING SERVICE RELEASES – FUNCTIONAL UPDATE - Lake Concord AB <i>Speaker: James Stegmann, SPS Program Office / CACI</i> This session will cover the enhancements that will be provided in SR11-13 from a functional perspective. It will cover specific new utilities available within the SPS suite to include Document Transfer, External Award Transfer, and Archiving.	
6:00pm - 8:00pm	INFORMAL NETWORKING [NO HOST] - Tropics Bar & Grill (weather permitting). Alternate location in case of rain – David’s Lounge.				

8:00am - 5:30pm	REGISTRATION OPEN - Orange C Foyer			
8:30am - 9:45am	WAWF TUTORIAL (optional for eBusiness Conference Attendees – part of UID Forum) - <i>Orlando I-II</i> <i>Speaker: Carol Albany, DCMA</i>			
	<i>Orange A</i>	<i>Orange B</i>	<i>Orange C</i>	<i>Florida 1&2</i>
9:00am - 9:45am	SESSION WILL BE REPEATED	SESSION WILL BE REPEATED	REPEAT SESSION	REPEAT SESSION
	FUTURE OF CCR, ORCA, AND EPLS - SAM ENTITY MANAGEMENT <i>Speakers: Kate Oliver, GSA; Laura Cooper - GSA-IBM</i> The Integrated Acquisition Environment has begun the effort to redesign its current systems into one integrated tool set called the System for Award Management (SAM). This session will cover details about the first release in SAM that will subsume the capabilities currently provided by the Central Contractor Registration (CCR) database, Online Representations and Certifications Application (ORCA), and the Excluded Parties Listing System (EPLS).	SUBCONTRACTING ACHIEVEMENTS AND eSRS REPORTING <i>Speakers: Janice Buffer, OSBP; Kristine Preece, BTA</i> DoD deployed the use of the Electronic Subcontracting Reporting System (eSRS) in FY09 to collect on-line the semi-annual Subcontracting Reports for Individual Contracts and Summary Subcontract Reports from our vendor community. Come learn about the lessons learned, emerging policies for reviewing reported subcontracting achievements, and how to use the information reported to improve overall contract performance.	FPDS REPORT AND EXTRACT CAPABILITIES <i>Speaker: Brian Davidson, DMDC</i> See previous session description.	SPS UPCOMING SERVICE RELEASES – FUNCTIONAL UPDATE <i>Speaker: James Stegmann, SPS Program Office / CACI</i> See previous session description
9:45am - 10:00am	COFFEE BREAK - Sponsored by CACI <small>EVER VIGILANT™</small>			
10:00am - 10:45am	SESSION WILL BE REPEATED	CONTRACTOR REPORTING IN THEATER – SPOT <i>Speaker: Ellie Damo, SPOT Program Office</i> This session will cover existing and emerging policy requirements for reporting contractor personnel data for contractors performing in theater through the Synchronized Pre-deployment Operations Tracking (SPOT) system.	TIPS FOR CONTRACT DATA COMPLIANCE IN SPS <i>Speakers: Bruce Probert, DPAP/PDI; Mark Jackson, BTA; Darryn Miller, DAM Consultant</i> This session will cover the lessons learned from the pilot implementations of the procurement data standard (PDS) at selected SPS sites and Electronic Document Access (EDA). It will address several of the simple procedural changes that can be made in contract writing processes to enable your site to avoid common pitfalls and become PDS compliant in data sent to EDA and other interfacing systems.	SESSION WILL BE REPEATED
	CENTRALIZING CLAUSE LOGIC <i>Speakers: Lynn Worsham, DPAP; John O'Brien and Jeremy Altman, Hickory Ground Solutions</i> DoD has begun the effort to establish a centralized authoritative source for the logic that determines when provisions and clauses are included in solicitation and contracts. This session will discuss the process being used to review all of the FAR prescriptions as well as provide a demonstration of the centralized clause logic service that is being developed.			SPS UPCOMING SERVICE RELEASES – TECHNICAL SESSION <i>Speaker: Erik Nelson, SPS Program Office / CACI</i> This session will cover the enhancements that will be provided in SR11-13 from a technical perspective, including My webMethods Server (MWS) installation, configuration, and use, as well as support for Win7/Vista. It is intended for technical users of the system, system administrators, and those who are charged with implementation and operation of SPS at their site.
10:50am - 11:35am	IAE INTERFACES - UPCOMING CHANGES <i>Speakers: Kate Oliver, GSA; Adam Stansifer, GSA-IBM</i> The Integrated Acquisition Environment new System for Award Management (SAM) will affect the way your systems interface with current GSA capabilities such as the Central Contractor Registration (CCR) database, Federal Business Opportunities (FedBizOpps), and the Federal Procurement Data System (FPDS), Online Representations and Certifications Application (ORCA), and the Excluded Parties Listing System (EPLS).	SESSION WILL BE REPEATED	PAST PERFORMANCE AND INTEGRITY DATA <i>Speakers: Sandy Ross, DPAP; Steve Eisenbrey, Navy; Doreen Powell, Navy</i> This session will cover the new federal and Department regulations and policies regarding past performance and responsibility information. This session will also discuss the related new requirements for use of the Contractor Performance Assessment Rating System (CPARS), Past Performance Information Retrieval System (PPIRS), and the new Federal Awardee Performance and Integrity Information System (FAPIS).	SESSION WILL BE REPEATED
		PAST PERFORMANCE AND INTEGRITY DATA <i>Speakers: Sandy Ross, DPAP; Steve Eisenbrey, Navy; Doreen Powell, Navy</i> This session will cover the new federal and Department regulations and policies regarding past performance and responsibility information. This session will also discuss the related new requirements for use of the Contractor Performance Assessment Rating System (CPARS), Past Performance Information Retrieval System (PPIRS), and the new Federal Awardee Performance and Integrity Information System (FAPIS).	POLICY REQUIREMENTS FOR USE OF DCMA TOOLS <i>Speaker: Genni Frost, DCMA Consultant</i> This session will cover the principles and required DoD uses of the Lost, Theft, Damaged, or Destroyed (LTDD) application and the Plant Clearance Automated Reutilization and Screening System (PCARSS) for tracking government property associated with a contract. The session will also provide overviews of other DCMA Tools that are available for use.	SESSION WILL BE REPEATED
11:35am - 1:00pm	EXHIBITS AND LUNCH - Orlando III-VI <i>Note: Exhibits Open 11:30am – 5:30pm</i>			
1:00pm - 2:00pm	ADMINISTRATION AND OMB PRIORITIES - Orlando I-II <i>KEYNOTE SPEAKER: Lesley Field, Deputy Administrator, Office of Federal Procurement Policy (OFPP)</i>			
2:00pm - 2:45pm	WHAT'S NEW IN THE FAR/DFARS - Orlando I-II <i>Speaker: Linda Neilson, DPAP</i> The Department continues to place a special focus on improving contract quality and ensuring compliance with the FAR, DFARS, and policy. This session will address upcoming changes to the FAR and DFARS to reflect new statutes and federal and DoD policies.			
2:45pm - 3:00pm	STRETCH BREAK			
3:00pm - 3:45pm	CONTINGENCY TOOLS AND POLICIES - Orlando I-II <i>Speaker: Lt Col Ann Christianson, Senior Procurement Analyst, DPAP/CCAP</i> Come and learn about changes already implemented and those in the pipeline for contingency contracting! In this session, Lt Col Christianson will provide an update of process changes that affect contingency contracting units, as well as new acquisitions business solutions to assist in-theater contracting efforts, particularly in Iraq and Afghanistan. This session will provide a quick overview of the current Joint Contingency Contracting Systems (JCCS), new Contingency Acquisition Support Module (cASM), and the 3-in-1 tool for logging purchases in the field. Collectively, these systems will support our contracting warfighters successful procurements for the fight on global terror.			
3:45 - 4:30pm	SYSTEM FOR AWARD MANAGEMENT: CREATING EFFICIENCIES THROUGH INTEGRATION AND CONSOLIDATION - Orlando I-II <i>Speaker: Kate Oliver, GSA</i> GSA Integrated Acquisition Environment (IAE) has begun consolidation of 8 federal procurement systems and the Catalog of Federal Domestic Assistance into 1 new system—the System for Award Management (SAM). Come learn what changes SAM will bring to Federal agency users, vendors, and others. Discover when and how you can expect to be impacted by changes.			
4:30pm - 5:30pm	RECEPTION & EXHIBITS - Orlando III-VI Only opportunity to get qualified for a chance to win an iPod Touch! Prize winners will be announced at the conclusion of the event and winners must be present!			

EXHIBITS OPEN 11:30AM – 5:30PM

THURSDAY, MARCH 3

8:00am - 5:00pm	REGISTRATION OPEN - Orange C Foyer			
8:30am - 9:15am	TRANSPARENCY SUCCESSES AND CHALLENGES - Orlando I-II <i>Speaker: Lisa Romney, DPAP/PDI</i> The Federal Funding Accountability and Transparency Act (FFATA) (also known as the Transparency Act) introduced a new era of government transparency and associated data validation requirements. This session will discuss lessons learned to date, current implementation of prime contractor reporting requirements, and the contracting officer's role in ensuring accurate reporting is accomplished.			
9:15am - 10:00am	A SENIOR PROCUREMENT LEADER'S OUTLOOK ON THE PROCUREMENT eBUSINESS ENVIRONMENT - Orlando I-II KEYNOTE SPEAKER: <i>Elliott Branch, Executive Director, Acquisition & Logistics Management, Office of the Assistant Secretary to the Navy (RD&A)</i>			
10:00am - 10:30am	COFFEE BREAK AND EXHIBITS - Orlando III-VI			
10:30am - 11:15am	EXHIBITS OPEN 10:00AM - 1:45PM	DFAS TRANSFORMATION EFFORTS - Orlando I-II <i>Speaker: Rebecca Beck, DFAS</i> In this session the speaker will address the numerous efforts DFAS is undertaking to improve the efficiency and streamline the processes of the vendor and contract payment processes.		
11:20am - 12:05pm		SPS PROGRAM UPDATE - Orlando I-II <i>Speaker: Maj Brian Lutz, SPS Program Manager</i> The Standard Procurement System is the contract writing system used across the Department of Defense by more than 20,000 users. In this session, Maj Lutz will provide an overview of the status of SPS software, upcoming schedule of releases, and the overall program.		
12:05pm - 1:30pm	EXHIBITS & LUNCH - Orlando III-VI			
	<i>Orange A</i>	<i>Orange B</i>	<i>Orange C</i>	<i>Florida 1&2</i>
1:30pm - 2:15pm	FEDERAL SUBAWARD REPORTING REQUIREMENTS AND FSRS <i>Speakers: Kate Oliver, GSA; Lisa Romney, DPAP/PDI</i> This session will cover the new federal regulations and federal and DoD policies regarding prime contractor reporting of subawards in compliance with the Federal Funding Accountability and Transparency Act (FFATA). This session will also discuss the related new requirements for the use of the Federal Subaward Reporting System (FSRS).	ROADMAP TO TACKLE DATA INTEGRITY <i>Speakers: Dave Guinasso and Bruce Probert, DPAP/PDI</i> The proper construction of line items in contracts is essential to both conform to Federal Acquisition Regulations, and to ensure the smooth flow and visibility of data later on in the procurement process. In this session, the speakers will discuss common question areas on line item construction and provide guidelines and regulatory references for their solutions. They will also discuss new initiatives to improve how line items are created in the Department as a result of the DoD Blackbelt study on contract construction.	REPEAT SESSION PAST PERFORMANCE AND INTEGRITY DATA <i>Speakers: Sandy Ross, DPAP; Steve Eisenbrey, Navy; Doreen Powell, Navy</i> See previous session description.	REPEAT SESSION SPS UPCOMING SERVICE RELEASES - TECHNICAL SESSION <i>Speaker: Erik Nelson, SPS Program Office / CACI</i> See previous session description.
2:20pm - 3:05pm	REPEAT SESSION FUTURE OF CCR, ORCA, AND EPLS - SAM ENTITY MANAGEMENT <i>Speakers: Kate Oliver, GSA; Laura Cooper, GSA-IBM</i> See previous session description.	REPEAT SESSION SUBCONTRACTING ACHIEVEMENTS AND ESRs REPORTING <i>Speakers: Janice Buffler, OSBP; Kristine Preece, BTA</i> See previous session description.	REPEAT SESSION WHAT'S THE LATEST IN WAWF? <i>Speakers: Adarryl Roberts, BTA; Dave Guinasso, DPAP/PDI</i> See previous session description.	REPEAT SESSION CENTRALIZING CLAUSE LOGIC <i>Speakers: Lynn Worsham, DPAP; John O'Brien and Jeremy Altman, Hickory Ground Solutions</i> See previous session description.
3:10pm - 3:55pm	ASK THE PM & POLICY - FPDS AND FSRS <i>Speakers: Kate Oliver, GSA; Lisa Romney, DPAP/PDI</i> This session provides the attendees an open forum to ask any questions they have regarding contract reporting or prime contractor subaward reporting - from DoD policy implications to FPDS and FSRS specific processes.	REPEAT SESSION CONTRACTING OFFICER'S REPRESENTATIVE TOOL <i>Speakers: Mae Bartley, DPAP/PDI; Mike Thompson and Mike Neeb, Army; Peggy Ayanian, DPAP/CPIC</i> See previous session description.	ASK THE PM & POLICY - RECEIPT AND ACCEPTANCE AND WAWF <i>Speakers: Bruce Probert and Dave Guinasso, DPAP/PDI; Adarryl Roberts, BTA</i> This session provides the attendees an open forum to ask any questions they have Wide Area Workflow (WAWF) and/or the DoD receipt and acceptance policies and processes.	REPEAT SESSION SPS UPGRADES <i>Speaker: Brian Heath, SPS Program Office / CACI</i> See previous session description.
3:55pm - 4:10pm	MOVE TO GENERAL SESSION ROOM			
4:10pm - 5:00pm	TRANSPARENCY & TRACEABILITY (Combined Session with the UID Forum) - Orlando I-II <i>Speaker: LeAntha Sumpter, DPAP/PDI</i> eBUSINESS & IUID AWARDS CEREMONY & PRIZE WINNERS ANNOUNCED Prize winners will be announced - winners must be present!			

eBUSINESS DEMO ROOM - Sand Lake

These sessions will be an opportunity to see the live applications. There will be no formal briefings, just drop by and see up-close some of the latest websites and ask questions.

WEDNESDAY, MARCH 2	
8:30am - 9:45am	CPARS/PIRS/FAPIS
10:00am - 10:45am	ELECTRONIC SUBCONTRACTING REPORTING SYSTEM (eSRS)
10:50am - 11:30am	CONTRACTING OFFICER REPRESENTATIVE (COR) TOOL

THURSDAY, MARCH 3	
1:30pm - 3:30pm	CASM AND 3-IN-1

A2B TRACKING SOLUTIONS BOOTH #201

207 HIGHPOINT AVE.
PORTSMOUTH, RI 02871
TEL 800-733-7592 / 401-683-5215

WWW.UIDSOLUTIONS.COM
A2B Tracking Solutions is the leading provider of IUID products and services. Both UID Comply!® and UCI Web™ lifecycle data management software solutions are the gold standard for MIL STD 130 compliance. UCI Web™, A2B's enterprise-class, web-based IUID lifecycle management system, is deployed to OEMs and government with stringent IT environments such as NMCI. Approved individuals with access to a browser have access to the same data at each location or division across an enterprise.

A2B now offers Track & Trace™, a web-based enterprise-class asset tracking solution. Utilizing IUID labels and a web browser, a manager can know where assets are located, which assets are missing and who has been using them. Functions include inventory control with reconciliation, location summary reporting, multi-level location management and much more.

Leverage your IUID compliance and asset tracking capabilities with our complete line of mobile computing solutions. A2B combines market leading consumer and industrial devices with our distributed web-based software application. Process IUIDs with A2B's UCI Wearable System™ or use any handheld portable computer, tablet, or smart phone/PDA.

A2B's UID On-Demand™ is a label and plate manufacturing service for MIL-STD-130 compliance requirements. A2B handles the task of UID label production, validation, verification, and IUID Registry submissions. A certificate of compliance is provided. To date, A2B has produced over a million MIL-STD-130 labels and plates which include polyester, polyacrylic, vinyl, aluminum plate, aluminum foil and stainless steel.

Turn to A2B's Seek and Apply IUID Marking Team to mark and register items requiring MIL STD 130 compliance around the world. A2B's fielded teams not only get you to IUID compliance but also give you an accurate, up-to-date inventory. Our teams use state-of-the-art mobile computing to capture and update each item's new IUID along with its pedigree data; part number, serial number, NSN, and other specific, critical data required for equipment accountability.

AB INITIO SOFTWARE BOOTH #409

201 SPRING ST., LEXINGTON, MA 02421
TEL 781-301-2000 WWW.ABINITIO.COM

Ab Initio Software is a general purpose data processing platform for enterprise-scale, mission-critical applications such as batch and real-time processing for data warehousing, operational systems, billing systems, transactional systems and analytics. Ab Initio solves the problems of scalability, development time, performance, metadata management, and integration at the world's largest companies.

APPIAN BOOTH #400

1875 EXPLORER ST., FLOOR 4
RESTON, VA 20190
TEL 703-442-8844 WWW.APPIAN.COM

In the quest for effectiveness and efficiency, federal agencies turn to Appian Solutions for Federal Government. Appian is a worldwide leader in Business Process Management (BPM) software with the easiest to use BPM suite on the market (as rated by Gartner and Forrester), more than 3 million global users, and complete capabilities both on-premise and in the cloud. Appian Acquisition Business Management (ABM) is a proven solution for the common pains felt by federal procurement professionals. It provides the right mix of functionality and flexibility needed to quickly reduce cost, drive operational efficiency and increase procurement process transparency.

BRADY CORPORATION BOOTH #324

6555 W. GOOD HOPE RD., MILWAUKEE WI, 53223
TEL 1-888-272-3946 WWW.BRADYID.COM/UID

Brady carries a variety of UID packages to help you comply with DoD's regulations. Packages include: software, thermal-transfer printers, scanners, verifiers and a variety of high performance label materials to ensure your labels stick, and stay stuck.

CACI INTERNATIONAL BOOTH #402

1100 N. GLEBE ROAD
ARLINGTON, VA 22201
TEL 703-841-2950 WWW.CACI.COM

CACI provides professional services and IT solutions needed for defense, intelligence, homeland security, and IT modernization and government transformation. We deliver enterprise IT and network services; data, information, and knowledge management services; business system solutions; logistics and material readiness; C4ISR solutions; cyber solutions; integrated security and intelligence solutions; and program management and SETA support services. CACI services and solutions help our federal clients provide for national security, improve communications and collaboration, secure the integrity of information systems and networks, enhance data collection and analysis, and increase efficiency and mission effectiveness. CACI is a member of the Fortune 1000 Largest Companies and the Russell 2000 index. CACI provides dynamic careers for approximately 13,600 employees working in over 120 offices in the U.S. and Europe.

CAMCODE BOOTH #325

TEL 216-714-0040 WWW.CAMCOD.COM
WIN an Amazon Kindle wireless reading device!!!
Sign up at our booth!

Camcode is here to help project managers and support staff get their assets marked quickly and effectively. We are experts in product identification and UID marking, so we focus on matching your needs with the right products. Our goal is to provide simple, direct, and cost effective solutions from labels and adhesives to installation services. Have a laser? Camcode is the largest supplier of laser blank labels in the business. Come see our newest product –DuraBlack™ –for all CO2 lasers. Get free samples.

CODESOURCE LLC BOOTH #301

4115 MESA DR., DENTON, TX 76207
TEL 940-891-1281 WWW.CODESOURCEINC.COM

CodeSource LLC provides innovative solutions for part identification, product traceability, asset tracking and inventory control. As an end-to-end supplier and systems integrator, we have expertise in laser and dot pen systems, data matrix code and RFID reading equipment, thermal printers, software and tesa Secure labeling products. In addition, our contract marking services offer an outsourcing alternative with an emphasis on IUID direct part marking and tagging /labeling applications. CodeSource is proud to be the exclusive distributor in North America for the tesa Secure 6973 laser label product and ACI FOLSTAR laser marking systems. We can now provide either RFID container/shipping labels or pre-programmed 18000-7 active RFID tags. These products and services will also benefit NATO contractors required to comply with the STANAG 2290 initiative.

COMPUSEARCH BOOTH #401

21251 RIDGETOP CIRCLE, STE. 100
DULLES, VA 20166
TEL 703-481-3699 WWW.COMPUSEARCH.COM

Compusearch provides enterprise acquisition and grants management software and services that seamlessly integrate with complex DoD systems to improve how defense organizations improve productivity and performance while also meeting increasingly stringent reporting requirements. A proven partner with the government workforce, Compusearch offers web-based, scalable SOA architected solutions that accelerate enterprise ERP integration goals and fully support the war fighter's expeditionary contracting requirements.

Our PRISM software offers full acquisition lifecycle management – from the time the need is identified, through the sourcing process, award, post award management and finally closeout. PRISM's powerful acquisition engine was specifically designed for the unique complexity of federal and DoD acquisition and comes loaded with all the tools needed to deliver real-time visibility and transparency across the acquisition lifecycle. PRISM ensures complete FAR/DFARS compliance with ACRN, BEA, and DPAP, and provides out-of-the-box integration with IAE systems to support all federal reporting requirements. For more information visit www.compusearch.com.

THE DANBY GROUP, LLP BOOTH #200

3060-A BUSINESS PARK DR.

Since 1982 The Danby Group has provided government and government suppliers with leading edge data collection products and systems. Specializing in barcode (including UID compliant systems) and RFID solutions, we can supply the necessary hardware and software components, plus integration with new or legacy systems. The Danby Group is certified as a Woman-Owned, Small Business Enterprise. Be sure to stop by our booth and register for a Chance to Win a New Apple iPad™.

DoD UID POLICY OFFICE BOOTH #306

USD (AT&L) DPAP DEPUTY DIRECTOR
3060 DEFENSE PENTAGON
WASHINGTON, DC 20301-3060

WWW.UNIQUEID.ORG
HELP DESK: IUID.HELPPESK@BPN.GOV
Unique Item Traceability provides for risk-based visibility of a physical item or items through key lifecycle events over their life to the extent necessary to make better management decisions. One method available to enable detailed Traceability is by leveraging Item Unique Identification (IUID) practices. The DoD Unique Identification Policy Office is charged with implementing Item Unique Identification (IUID) across the Department of Defense. The IUID Policy Office develops policy and processes, and promotes IUID standards in the US acquisition community as well as internationally.

Challenge your accuracy and speed against a barcode scanner. Which is faster? Compare your speed with other forum attendee's. Let the IUID Smackdown begin!

DPAP eBUSINESS OFFICE AND SYSTEM FOR AWARD MANAGEMENT (SAM)

BOOTH #413
USD (AT&L) DPAP
DEPUTY DIRECTOR

3060 DEFENSE PENTAGON
WASHINGTON, DC 20301-3060
WEB: WWW.ACQ.OSD.MIL/DPAP/PDI/EB/INDEX.HTML
WEB: WWW.ACQUISITION.GOV
HELP DESK: ASKSAM@GSA.GOV

The DPAP eBusiness office works hand in hand with the Military Services and Defense Agencies to ensure that functional process, policy, and data requirements are incorporated within DoD-wide procurement-related business initiatives and systems. GSA is combining eight federal procurement systems and the Catalog of Federal Domestic Assistance into one system, the System for Award Management (SAM). As a new system, SAM will streamline processes, eliminate data redundancies, and save money. Systems to be integrated include Central Contractor Registration (CCR), Includes FedReg), Online Representations and Certifications Application (ORCA), Federal Business Opportunities (FBO), Federal Procurement Data System-Next Generation (FPDS-NG), Electronic Subcontracting Reporting System (eRSR), Past Performance Information Retrieval System (PPIRS), Excluded Parties List System (EPLS), Wage Determination Online (WDOL), and Catalog of Federal Domestic Assistance (CFDA).

FREEDOM TECHNOLOGIES

BOOTH #419

10370 CITATION DR., STE. 200, BRIGHTON, MI 48116
TEL 810-227-3737 WWW.FREEDOMCORP.COM
IDENTIFY, TRACK, MANAGE – with ID ADVANTAGE™ from Freedom Technologies, the leading turn-key integrated UID solutions provider for UID Compliance, RFID Compliance and beyond. By offering UID compliance solutions including marking, validation, verification and registry capabilities along with lot control, traceability, tracking, ERP integration, life cycle management and warehouse management, Freedom Technologies provides you with MIL-STD 130 UID compliance and capabilities beyond compliance. Freedom Technologies is dedicated to the design and development of ID materials for extreme environments. Freedom Technologies focuses on ID material science and through Aptus Identification has provided solutions for some of the most difficult identification scenarios. Freedom's capabilities include application engineering, material development and marking technology expertise for identification and identification systems.

GSA/IT SCHEDULE 70

BOOTH #406

TEL 1-877-446-IT70 WWW.GSA.GOV/SCHEDULE70.COM
The Information Technology (IT) Schedule 70 (a Multiple Award Schedule) grants agencies direct access to commercial experts who can thoroughly address the needs of the government IT Community through 20 Special Item Numbers (SINS). These SINS cover the most general purpose commercial IT hardware, software and services. IT Schedule 70 allows for choice, flexibility, ease of use and access to the highest quality of IT products, services and solutions from small businesses and industry giants. IT Schedule 70 has two primary classifications of customers: Federal Government Agencies and state and local government entities; along with four main audiences: Policy Makers and Influencers, Decision Makers, Buyers, and Stakeholders.

HORIZONS, INC. – METALPHOTO

BOOTH #221

18531 S. MILES RD.
CLEVELAND, OH 44128
TEL 216-714-0026 WWW.HORIZONSISG.COM
MetalPhoto is the most durable and the most versatile UID label material available.
With more than 50 years of proven DOD performance, MetalPhoto is the "go-to" label substrate for all long term applications. MetalPhoto is anodized aluminum that withstands the harshest environments and provides label scannability, in most environments, without the need of laminates or clear coats. Please stop by our booth so we can discuss your individual application and allow us to show you the advantages of MetalPhoto!

ID INTEGRATION, INC.

BOOTH #212

13024 BEVERLY PARK RD. #104
MUKILTEO, WA 98275
TEL 425-438-2533 WWW.ID-INTEGRATION.COM
ID Integration is a Service Disabled Veteran Owned Small Business (SDVOSB) with over 17 years of experience integrating direct part marking and labeling systems in manufacturing and depot/overhaul facilities. Our expertise is integrating marking, reading and verification systems to permanently mark legacy and new parts to the IUID requirements. Our IUID customers include Boeing, US Army, L-3 Communications, Lockheed Martin, Raytheon, Northrop Grumman, GE Aircraft Engines, Sikorsky, Honeywell, Rockwell Collins, Goodrich Aerospace and the US Navy. ID Integration offers pre-printed IUID and MIL-STD-130 compliant nameplates/labels at www.UID2go.com and also provides IUID Needs Assessment™ services.

WAWF & IUID REGISTRY DEMO AREA – Booth #307

The **WAWF Demo** will offer an expert available to answer your questions and provide hands-on demonstrations on how WAWF enables compliance with the DFARS clauses for Electronic Invoicing, IUID, and RFID; how to register/receive your password to use WAWF; different WAWF invoice types; WAWF receiving report; how WAWF supports EDI and/or SFTP file formats.

The **IUID Registry Demo** will provide live instruction on how to access information to make acquisition, repair, and deployment of items faster and more efficient. IUID Registry staff will be available to answer any of your questions and provide a demo of both public and controlled accesses.

CACI ... Your Premier Acquisition Systems and Services Provider

For nearly 20 years, CACI has provided contract management support, technology tools, and consulting services for the government's acquisition process. As the prime contractor for DoD's enterprise acquisition programs, the Standard Procurement System, Wide Area Workflow, and the source selection evaluation tool FedSelect, CACI is helping DoD transform its acquisition environment. Additionally, Oracle Contract Lifecycle Management (CLM) for Public Sector is an integrated acquisition management Solution, jointly developed by CACI and Oracle to streamline the entire procure-to-pay process. **Our wide-ranging support includes:**

- Acquisition Planning and Program Management
- Oracle Contract Lifecycle Management for Public Sector
- Best-Value Source Selection Services & Tools – FedSelect®
- Comprehensive Contract Management Services
- Acquisition Solutions and Systems Support

CACI
EVER VIGILANT®

eBusiness / Business Transformation Agency Resources

BUSINESS TRANSFORMATION AGENCY (BTA) – www.bta.mil

Information on BTA's key transformation initiatives, access to DoD's Business Enterprise Architecture (BEA), and BTA-managed enterprise systems.

WIDE AREA WORKFLOW (WAWF) – <https://wawf.eb.mil>

Provides the DoD and suppliers the single point of entry to generate, capture, and process invoice, acceptance, and payment-related documentation. Captures and sends applicable item data to the IUID Registry.

WIDE AREA WORKFLOW (WAWF) WEB-BASED TRAINING MODULES – www.wawftraining.com

Provides training modules, presentations, and data examples for all Government and contractor WAWF activities.

FEDERAL PROCUREMENT DATA SYSTEM – NEXT GENERATION (FPDS-NG) – <https://www.fpds.gov>

Provides visibility into all Federal contract sourcing arrangements with commercial suppliers. This web-based system offers both the public and Federal Government with a self-service, near real-time, searchable repository for information about unclassified Government contracts with third party vendors.

ELECTRONIC DOCUMENT ACCESS (EDA) – eda.ogden.disa.mil (Select "Training Material" and then select various training modules.)

Provides secure online, electronic storage and retrieval capabilities of procurement information and documents across the DoD, including Contract Deficiency Reports (CDRs).

ON-LINE REPRESENTATIONS AND CERTIFICATIONS APPLICATION (ORCA) – <https://orca.bpn.gov>

The Federal-wide web-based system that collects vendor representations and certifications related to contract solicitations.

CONTRACTOR PERFORMANCE ASSESSMENT REPORTS SYSTEM (CPARS) – www.cpars.csd.disa.mil

The web-enabled application that collects and manages DoD's library of automated CPARS with three modules used to assess systems, services, IT, operations support, architect-engineer, and construction contracts.

CENTRAL CONTRACTOR REGISTRATION (CCR) – www.ccr.gov

The web-enabled, Government-wide application that collects, validates, stores, and disseminates business information about the Federal Government's trading partners. All current and potential Government contractors must be registered in CCR.

PAST PERFORMANCE INFORMATION RETRIEVAL SYSTEM (PPIRS) – www.ppirs.gov

The authoritative source for contractor performance information generated by DoD and Federal agencies.

ELECTRONIC SUBCONTRACTING REPORTING SYSTEM (eSRS) – www.esrs.gov

This web-based system automates the business processes for completion and submission of Individual Subcontracting Reports (ISRs) (formerly SF294) and Summary Subcontracting Reports (SSRs) (formerly SF295) across the Federal Government.

CONTRACTING OFFICER REPRESENTATIVE TRACKING TOOL (CORT) –

www.acq.osd.mil/dpap/pdi/eb/cor.html

This Common Access Card (CAC) enabled, web accessible management application is designed to nominate, appoint, track, revoke and terminate an individual as a COR against a DoD contract. The tool allows a COR to create a profile, document their training and experience, and process a nomination package for one or multiple contracts and orders-all in one portal.

Item Unique Identification (IUID) Resources

IUID TOOLKIT – www.iuidtoolkit.com

Presents step by step process focused on targeted areas including Defense Suppliers, Program Managers, Maintenance Depot Managers and Operation and Field Maintenance personnel.

IUID OVERVIEW TUTORIAL – www.iuidtoolkit.com/overview

An interactive introduction to IUID concepts, implementation practices, marking techniques and basic data submission methods.

IUID DATA TUTORIAL – www.iuidtoolkit.com/datatutorial

Provides critical insight into the IUID Registry basic functionality, data submission methods and Wide Area Workflow (WAWF).

DoD UID WEBSITE – www.uniqueid.org

Comprehensive resource of UID policies, standards, directives, guidance, videos and success stories.

DEFENSE ACQUISITION UNIVERSITY (DAU) – www.dau.mil

DAU provides IUID information listed under Special Interest Areas, in addition to IUID Rapid Deployment Training.

IUID HELP DESK – iuid.helpdesk@bpn.gov

Direct support for all IUID questions, including policy requirements, marking methods, and IUID Registry usage.
